## MAN DEAD R. L. CARROLL A SUICIDE

R. L. Carroll died at the Lile rooming house shortly after 3 o'clock. About three o'clock he was seen at John Smith's drug store and gave P. C. Major a trick cigar and walked out of the store. In a few minutes he was seen by J. B. Mann of Lawrence walking in a peculiar manner toward the Lile rooming house, and in a few moments he was heard stumbling and fell on the stairway. Mr. and Mrs. Lile heard him coming up the stairway and assisted him to room nine, the room he had occupied last night and the night before. Mrs. Lile said, "You are drunk are you not?" He replied, "Die will never know I am here." She helped him pull off his shoes while some one went for Dr. Faust. When the physician arrived on the scene the man was dead. An empty box which said "strychnine" was found and this note to his wife: "Bell blame no one but myself. You have been a true wife to me."

He leaves a wife and three children who live at Fitzhugh. Carroll

was a son-in-law of Roe Chilcutt of that place, and was a stockman. He was a frequent guest at the Lile house and is well known to a great many people in this county. His wife has been informed of the tragedy and is expected to arrive in Ada on the northbound Frisco. An inquest is being held now and at the earliest moment the remains will be removed to the Walters & Norris undertaking parlors.

It is not known where he got the strychnine or how much. The deadly poison did its fatal work in less than ten minutes after he was able to joke with his friends.

### AMERICANS WIN VICTORY FOR INSURGENT ARMY

Bluefields, Nicaragua, May 26.—The unerring marksmanship of a number of American gunners who are fighting with the Nicaraguan insurgents enabled the insurgents to win a victory over the government troops in the fighting here.

The government troops began their attack Wednesday and it appeared that they would be successful, but they were met by such a gallant fire that they were compelled to flee Thursday.

The insurgents have recaptured the customs houses. Two hundred have been killed and four hundred have been wounded in the fighting.

The insurgents will probably lose the advantage gained in the repulse of the enemy for the reason that they are not following close after the retreating army. There appears to be dissension in the ranks of the insurgents.

### SHERMAN REPORT SAYS YES

It is Said That in Contest for Sherman Paving Contract Tactics were Resorted to Which Were Questionable.

Some one has said that "there is honor even among thieves" as, even, there is honor among public works contractors; that thieves would cooperate, deal fairly and divide the spoils among themselves, while stealing from all others even so, likewise, all public works contractors.

Of course such analogy is unfair, for, undoubtedly a fair division of public works' contractors is honorable, even if such conception could not be formed by a critical scrutiny of the deceptions and methods of those public works' contractors with which Ada has been and apparently at present is having experience. There were the Oneal-Lumsden waterworks and dam contracts and there were—but that is of the past; it is of the present wherein public interest is paramount.

The public is conversant with the fact that some time ago the city council awarded Shelby Downard Co. of Ardmore a \$100,000 rock asphaltum paving contract, even, though its bid was a few dollars above that of another firm, but which firm, at the time was unknown, as to experience, when it was thought that the Shelby Downard people had accomplished much rock asphaltum paving. But before the city would close the contract with Shelby Downard Co., which was known to own rock asphaltum mining interests in the vicinity of Ardmore, a contract was required that only Ada or Pontotoc county rock asphalt should be used on the Ada streets, for it was known, by the reasonable use of it by Fort Worth and Kansas City, and the entire use of it by the city of Lawton, that the Ada rock asphalt was perfect.

Now here comes a relation of a story which is believed to be true, and if so in its essential points, Messrs. Shelby Downard Co. and Messrs. Levy and Gilkerson, associates in rock asphalt paving, should be severely reprimanded by this city and in a manner that will scorch. A prominent Sherman citizen in

## C. R. DRUMMOND,

Clothier and Furnisher, Ada, Okla.

Ada lately who is interested in a street paving proposal there, said in substance: "A few days ago, the city council of Sherman formally opened bids for street paving. The lowest bid was that of Bert Hahn Construction Co. This bid included the proposal to use Ada asphalt. The next lowest bid was that of Shelby Downard Co. and associates Gilkerson & Levy, who proposed to use Ardmore asphalt. These latter bidders argued to the members of the Sherman council that the low bid, which proposed to use Ada asphalt should not be considered for the Ardmore asphalt was much superior to the Ada asphalt basing such contention on the representation that they had the Ada paving contract and would use on the Ada streets Ardmore asphalt and not Ada asphalt. Naturally, the members of the Sherman council became timid as to Ada asphalt, when it appeared that Ada was refusing to use its own product and all bids were thrown out.

Did Shelby Downard Co. and associates Gilkerson & Levy to whom this city has been so liberal in several contract awards and subsequent treatments, utter such expressions in all essential points as has been attributed against Ada asphalt? If they did, they are not only lousy with ingratitude, but lied as well, for Messrs. Shelby Downard Co. is under contract with the city of Ada to use Ada or Pontotoc county asphalt. Unless the report, which is the basis of this article, should be untrue, it is the News' spirit to urge drastic, reciprocal action against the gentlemen with which the city of Ada has much unfinished business.

There is no care whatever whether Bert Hahn Construction Company should ever receive any recognition any where, but there is a care that the reputation of Ada asphalt should not be unwarrantedly attacked.

**TULSA COUNTY MEN GO TO  
SUNFLOWER STATE FOR WIVES**  
Tulsa, Ok., May 28.—That the young men of Tulsa county are literally making an invasion upon Kansas for wives, is the story told by the record of marriage licenses issued by the county court in the last six months. Within that time almost 60 per cent of the brides in this county have been natives of the Sunflower state.

### INDIAN FOOT BALL PLAYER SUCCESSFUL STRIKE BREAKER

Spokane, Wash., May 27.—Harry Wheeler, a full bloomed Siwash, center star of the Carlisle Indian school team in 1908 and 1909 and linguist and scholar, has become a strike-breaker in a local restaurant, reduced from his high place, he says, by stress of circumstances following the death of his younger brother on the Nez Perce Indian reservation, in Northern Idaho. Wheeler is educated and refined, and though probably more at home on the gridiron, in the class room and in an office he has mastered the art of servicing a luncheon or a dinner and is not afraid to work. When recognized by a party of eastern college men, he admitted his identity and talked freely of his strange mix-up with fortune. He came to the Northwest from New York a short time ago, being summoned by the illness of his brother. The brother died and after the funeral Wheeler came to Spokane, arriving here the day 600 waiters and kitchen helpers went on strike on five minutes' notice. He was pressed into the service and will remain until the end of the strike.

Miss Janie Smith arrived Friday from Madill and will be with her brother, S. S. McDonald and family. Miss Smith was elected primary teacher in our South school for the ensuing year. She has held that position in the Madill school for several years.

## ESTRADA'S FORCES DEFEATED

The Government Forces Route Insur-  
gents—May End War.

Bluefields, Nicaragua, May 27.—The  
government forces, under cover of the  
fire of the gunboat San Jacinto, to-  
day routed the insurgents and captured  
Bluefields Bluff.  
This loss to the Estrada forces may  
end the revolution.

Department of Justice May Act.

Washington, May 27.—State Depart-  
ment officials are much incensed at  
the statements in two cablegrams re-  
ported to have been sent to President  
Madriz at Managua by Senor Luis  
Corea, his representative in the United  
States, regarding the conditions  
under which the steamer Venus, now  
the Nicaraguan gunboat, obtained her  
clearance papers at New Orleans.  
These telegrams, if authentic, seem to  
show conclusively that the Venus  
was intended as a war vessel to op-  
erate against the revolutionary  
forces on the east coast of Nicaragua  
and that when she sailed from New  
Orleans she carried provisions and  
implements of war.

There is reason to believe that  
the matter will be turned over to the  
department of justice, with the request  
that an investigation be ordered with  
a view of determining whether crim-  
inal action can be brought against the  
people concerned for false swear-  
ing in the United States Court at  
New Orleans as to the cargo and  
mission of the Venus.

HERRING SPEAKS.

Elk City Candidate Has Good Crowd  
at Court House.

Hon. F. E. Herring, democratic can-  
didate for governor addressed a good  
sized crowd at the court house this  
afternoon. The speaker was introduced  
by Byron Norrell and appropriate  
remarks. The candidates remarks  
were well received by those who  
heard him. He presented his claims in  
a modest and dignified manner and  
laid considerable stress upon the  
promise, if elected, that he will in-  
sure a business and economical ad-  
ministration. He referred to unrelia-  
bility of the Daily Oklahoman, and  
corrected a number of its misrepresen-  
tations. He gave a brief history of  
his career since boyhood and re-  
ferred to a number of Ada citizens  
as references. That Mr. Herring  
made a good impression upon his au-  
dience there is no doubt.

## OLD MAN BOOZE

There is some chance of winning at most every game that's played,  
From Polo down to pinpong and from poker to Old Maid.  
You always have some show to prove your strength, craft or skill,  
And if friendly fortune favors—call it luck or what you will—  
You may carry off the honors but one game you'll surely lose,  
And that's the game that people play with  
Old  
Man  
Booze

No man was ever known to make a winning at this game;  
All kinds of men have tried it—but the result was just the same;  
Your luck may change at faro, you may carry off a stake,  
But there's just one game that no one was ever known to break,  
And it has broken many—it will break you if you choose.  
To go against the game that's played with  
Old  
Man  
Booze

You may dally with the ponies, buck the wheel, or take a round  
Out of the fluctuating finance, and still 'scape safe and sound;  
You may margin May if hopeful the price go up or down,  
Or get a little hatchet, carterizationize the town—  
Cut up any crazy caper a fickle fancy choose,  
But don't attempt to get the best of

Rules for Reformatory.

Guthrie, Ok., May 27.—Rules of dis-  
cipline for the state reformatory at  
Granite will be the same as those ap-  
plied at the state penitentiary at Mc-  
Alester, according to action of the  
state board of pardons yesterday. Con-  
victs of the two prisons will also be  
clothed alike, in two-piece orange  
colo suits, bearing no mark other  
than the wearer's number. By reso-  
lution of the board abolished some time  
ago Oklahoma abolished prison  
stripes. The first batch of suits will  
be made up in Louisville out of cloth  
especially woven for the state, but  
others are to be turned out by the  
state's own tailors at the main pris-  
on. The state has contracted for 10-  
000 yards of the special cloth, which  
is a combination of cotton and wool.

TO BUILD STEEL BRIDGES.

Creek and Okfuskee Counties Submit  
Bonds for Approval.

Guthrie, Ok., May 27.—Creek and  
Okfuskee counties are preparing to

county in the sum of \$200,000 and by  
Okfuskee county for \$100,000, were  
submitted to Assistant Attorney Gen-  
eral Charles Moore, bond attorney for  
the state, for his approval yesterday.

In Creek county sixty-nine steel  
bridges are to be built and thirty-six  
steel bridges are to be constructed in  
Okfuskee county, six of which are to  
be built over the North Canadian riv-  
er and one over Deep Fork.

## A WEAK WOMAN AND HER STORY

In Floral, Ark., Lives a Lady Who  
Feels That Her Strength Was  
Restored by Cardui.

Floral, Ark.—"I must speak a good  
word for Cardui," writes Mrs. Viola  
Baker, of this place.

"About a month ago I was in very bad  
health. I was so weak and nervous that  
I was not able to do my housework.

"My husband bought me one bottle of  
Cardui, the woman's tonic. I took it ac-  
cording to directions and now I am in  
good health.

"I think Cardui is a fine tonic for weak  
women."

And you are not the only lady who  
thinks so, Mrs. Baker.

Thousands, like you, have written to  
tell of the wonderful benefit Cardui has  
been to them.

Cardui contains no minerals, or other  
powerful drugs. It contains no glycerin  
or other mawkish-tasting ingredients.

It is just a pure, natural extract, of  
natural vegetable herbs, that have been  
found to regulate the womanly functions  
and strengthen the female system.

All druggists sell Cardui.  
See yours about it.

WEALTH AND FASHION  
IN RUSH TO EUROPE

Over 2,500 Persons Seek Pleasure  
Across Atlantic.

New York, May 27.—The tide of  
wealth and fashion toward Europe  
reached its spring flood Saturday  
when a fleet of seven outgoing liners  
carried 2,695 persons bound for the  
pleasure cities and resorts of Great  
Britain and the continent.

The rush Europeward has never  
seemed more general among people of  
means and leisure than this year. Not  
only did the number of passengers  
sailing constitute the record for a  
single day, but on other recent sail-  
ing days the passenger lists of the  
liners have been of unusual length  
and the outward tide of travel prom-  
ises to continue until unusually late.

The summer season in Europe holds  
out unusual attractions in aviation  
meets and other amusements.

The aggregate of wealth repre-  
sented the steamers leaving port Sat-  
urday was tremendous.

Many millions of dollars will be  
left on the other side by the outgoing  
travelers of this and the other big  
sailing days of the spring season,  
when people of wealth generally elect  
to go abroad.

A representative passenger list to-  
day is that of the steamer Kaiserin  
Augusta Victoria, carrying among oth-  
ers Mr. and Mrs. C. Oliver Iselin, Mr.  
and Mrs. Perry Belmont, several  
members of the Schwarzschild fam-  
ily, Mr. and Mrs. C. D. Campbell  
Johnston of San Francisco, and nu-  
merous other well known people.

The Celtic for Liverpool took nu-  
merous notable, prominent among  
whom was William Jennings Bryan,  
who goes to attend a missionary con-  
ference to be held in Edinburgh, Scot-  
land.

On the Lapland for Antwerp were  
Senator and Mrs. Elihu Root. Sena-  
tor Root is on official business. The  
Celtic took more than 600 passengers,  
while the Kaiserine Augusta Victoria  
held the record with nearly 800.

WOODWARD SOON TO ERECT  
A \$70,000 HIGH SCHOOL

Woodward, Okla., May 27.—Wood-  
ward is soon to provide itself with  
adequate school facilities. The city  
board of education has authorized  
Peter Martinson, president of the  
board, to go to Guthrie and collect  
the proceeds from the sale of the \$85,  
000 issue of school bonds voted April  
1.

Under the arrangement provided  
for there are to be two ward schools  
and a \$70,000 high school. It is hoped  
that this arrangement will provide  
for the housing of Woodward's school  
population for the coming year. It  
has been necessary for the board of  
education to lease all vacant build-  
ings that could be obtained for school  
purposes.

The advisability of a complete sew-  
er system is being discussed and will  
be provided for in the immediate fu-  
ture. It is likely \$35,000 will be spent  
soon in making extensions to the wa-  
ter system.

CONVICTS "HUNG UP."

Punished for Refusing to Work in  
Ohio Penitentiary.

Columbus, O., May 26.—Twenty-five  
more convicts in the Ohio peniten-  
tiary struck yesterday on the plea  
that they were being served with con-  
demned food, the total number on  
strike being 147, but all of them, af-  
ter a parley with the warden, prom-  
ised to return to work.

Warden Jones promptly ordered all  
the strikers "hung up" so that their  
arms, in shackles, are held above  
their heads, though none of their  
bodily weight is sustained by the  
shackles. Many of the strikers were  
murderers at work in the bolt room.

One Hundred Homes Burn.

El Paso, Tex., May 26.—One man  
was killed and several injured as the  
result of an explosion at the Do-  
lores mine in the state of Chihuahua,  
Mexico yesterday. The explosion start-  
ed a fire which destroyed 100 houses,  
rendering 500 persons homeless.

McCurry and five children, one of whom is our most estimable, Prof. Ben McCurry. Her maiden name was Julia Wagoner and was reared in Hardin county, Tenn.

## SUES BROTHER FOR \$97,000 QUESTION OF INSANITY RAISED

Jerome D. Eubank, who, on April 20, sued John D. Eubank, his brother, for \$97,000 damages, is to be tried in the probate court Saturday for his sanity. He is now in the General hospital.

The motion to make the inquiry was filed by P. L. Eubank, another brother, yesterday. It is purely formal and recites no reasons. It asks merely that a trial be held and that Eubank be sent to some sanitarium.

## POSTOFFICE LOCATION UNDER CONSIDERATION

Assistant to the third assistant in the contract department of the post office department, Rolfe, was in Ada yesterday with the purpose of letting a contract for the location of the post office at the expiration of the present contract, Sept. 2, 1910. No little interest is manifested in connection with this, for it is almost a sure thing that the post office will be moved to another point in the city other than it occupies at present, consequently there will be some sharp competition, and hard pulling between west and east Main into secure the coveted building.

Judge U. G. Winn takes his office as postmaster next Tuesday, May 1. He said in an interview this morning in substance that the new quarters for the office when it is moved will be equipped with modern conveniences. Every thing is to be perfectly sanitary. The building must be provided with an approved vault to keep government property, moneys, stamps, papers, etc. It is the Judge's opinion that Ada will be ready for free delivery within a year any way. Before Ada can secure the free delivery the names of the streets must be posted, the houses numbered and the proper crossings made on the streets, that is the side walks, paving and street crossings must warrant it. The present force of employees in the Post Office will be retained.

## NORMAL NEWS NOTES

### Baccalaureate Sermon to Be Delivered by Rev. Randolph Cook of Enid, Okla.

The Senior Class of the East Central State Normal had Miss Hettie Dunaway give a recital some time ago, but on account of the inclemency of the weather at the time Miss Dunaway was here, they were not successful from a financial standpoint. Owing to the small number in the class, a class play will not be played this year. Now the class has arranged with Mr. Thomas of the Pastime Moving Picture show to have charge of the theater next Wednesday night. Miss Gertrude Thompson, a member of the class will sing and there will be special music by the Normal Orchestra, besides other special musical numbers, both vocal and instrumental.

## A CLOSE CALL FOR SHERIFF SMITH YESTERDAY

### Fire That Started in Simpson Hotel Nearly Causes Serious Accident.

Yesterday a few moments after five o'clock a fire originated in middle room on the south side of the Simpson Hotel and came very near being a serious affair. A Mrs. Howard who had just purchased the business and had just moved in, had a collection of household goods piled in the room mentioned. Some small children were playing on a bed and striking matches and thus it is presumed the fire started. In response to the alarm the fire department made a splendid run and according to competent judges made as fine and quick a fire fight as could be. Geo. Culver, Chas. Brady, Sheriff Smith, and all the fire boys deserve special mention.

Mr. Smith got into the room where the fire originated and was working like a veteran when Mr. Walker not knowing of Mr. Smith's presence, rushed out of the room and closed the door to prevent fire spreading and hoping to smother the flames. The door having a spring lock fastened Mr. Smith securely in the room, and if it had not been for the presence of mind of A. Kilpatrick he would probably have lost his life right there. Mr. Kilpatrick had seen Mr. Smith go into the room and seeing the door fastened he threw his weight against the door several times and succeeded in breaking it down, and rescuing Mr. Smith who was nearly over come with heat and smoke.

The fire burned a few things in the house, and a good deal of the roof and scared a few people. Otherwise no great amount of damage was done.

## FINE BILLIARD EXHIBITION

### Malone Will Give Lovers of the Game An Interesting Time.

Lovers of pool and billiards will be given an opportunity tonight and perhaps Monday afternoon of watching an expert show what he can do with the cue and balls, when former world champion billiardist, J. L. Malone, gives exhibitions at B. J. Corn's parlors.

Mr. Malone arrived here this morning and expects to remain over a day or two. He has arranged to give an exhibit tonight and perhaps Monday afternoon. Tonight he will play a regular straight pool game against local champions, after which he will give an exhibition of fancy shots on the billiard table. Monday night he will play billiards. The billiard game will be something of a treat. Mr. Malone will play 14 inch balk against three local experts, allowing his competition to play unlimited against him. The balk line game is seldom seen in Ada, being more difficult than the ordinary unlimited game.

The exhibition will start about 7:30 o'clock and arrangements will be made that a large crowd will witness them.  
Mr. Malone still retains the title of champion billiard player of Mexico, which he won in 1899. He speaks very complimentary of Mr. Corn on his management of the parlors, always clean sanitary and up to date in every way. He says the hall is suitable for a town of fifty thousand population, and better than some of that size.

## PROF. SEARS LEAVES FOR EUROPEAN TOUR

Yesterday afternoon Prof. Sears left via the northbound Frisco to Richmond, Va., the first stopping point in the long journey before him. He expects to make a visit to every state east of the Mississippi river excepting Florida before he crosses the Atlantic. The members of the Normal faculty each wrote him a note to be opened and read on successive days out at sea. These will no doubt make him forget a great deal of the monotony incident to a long sea voyage, for we believe some advice is sealed up in those missives that will cause him to forget even sea sickness and think very strongly of his fellow teachers left behind. Yesterday at the chapel period he gave the students of the normal a parting talk in which he explained the use of pass ports, and the protection the U. S. throws around her citizen in foreign lands. At this point he wound the stars and stripes about him and then there went up a mighty shout of enthusiasm for Old Glory.

Prof. Sears has promised to write us, at intervals accounts of his travels which the public, especially the normal students await with suspense.

## PROF. M. L. PERKINS TO DELIVER BACCALAUREATE ADDRESS

It seems that the members of the E. C. N. faculty are in demand as baccalaureate preachers. Vice Pres. M. L. Perkins will have the honor of delivering the commencement address to Holdenville High school graduates next Tuesday night, May 31. Prof. Perkins says:

"Holdenville has five 'sweet girl graduates' this year and he will incidentally talk to them on the 'boy problem.' Prof. Perkins has chosen for his subject: 'The Coming Educational Transformation.' He sees the changes or transformations that should and will come in this great problem of education; and, while he expects to give something—well, say 'new' for convenience, he is able to defend his position. Holdenville is indeed fortunate in securing him.

**WASHINGTON INDIANS ROUND-UP HORSES AND CATTLE**  
Spokane, Wash., May 27.—Indians are rounding up their horses on the Spokane reservation, northwest of here, preparatory to the coming of the white settlers, who were successful in Uncle Sam's lottery for homesteads, last August. Among the horses corralled during the last few days are many with several brands unknown on the reserve; also a lot of mavericks, which will be branded and taken by the redmen unless the owners appear before the close of the roundup and claim their stock. It is believed the animals strayed from pastures in Ferry, Stevens and adjoining counties on the border. The roundup is a month earlier than usual and the horses are not in the best of condition. However, the bidding by dealers from Spokane and other points is brisk and this competition will result in the Indians receiving good prices for their cayuse. Captain John McA. Webster, Indian agent on the reserve, says the Indians have plenty of money, \$850,000 being disbursed among them by the Indians' department during the last five days.

**W. C. T. U. NOTES.**  
State Motto: Only the Golden Rule of Christ can bring the Golden Rule of Man.  
Badge: A knot of White Ribbon.  
"It breathes of hope to the hopeless, It tells of a purpose high. For God, for Home and Country, To live, to do and to die; Its purity is a promise Of a day we long to see, When staneless as its beauty, Our starry flag shall be. Then let it shine out, dear women, Morning and noon and night, Glad to show wherever you go, Your's standing for and right."

When Miss Willard was on her death-bed, she realized as never before, that we had not been as active as we should have been in letting the world know "what we were trying to do. She said to Miss Gordon, "Anna, ask the women to go out and tell the people what we are trying to do. They certainly will come in and help us."

I believe that prohibition has been decidedly beneficial in our state. While there are violations of law, numerous in some localities and less frequent in others, yet in the worst places, it is infinitely better than open saloons.

Perhaps no phase of the prohibition situation is so agitating the minds of the people in Oklahoma just now like that of enforcing the law and I believe that we have every reason to feel encouraged. The only argument the liquor traffic has is, "it can't be done—you can't enforce the law," the only answer necessary is persistent optimism, a faith that removes mountains. If the people can not enforce the laws they have enacted then the popular government is a failure. To say the prohibition law can not be enforced is anarchy and the utterance is altogether unworthy an American citizen.

**Sentiment and Law.**  
A loose enforcement of any law is always a calamity. It has in its last analysis the full grown professional anarchist. Any man who condones or is indifferent to the quickening of the public conscience as regards the enforcement of law has in him the elements of an anarchist. There is something far worse in a community than the pronounced violation of law or the fruits of such violation, and that is the sentiment that will tolerate such conduct and laxness. What our citizens need to do is to foster civic righteousness and quickened consciences. A high state of community morals and ideals and a strict regard for law, comes only at the price of a constant setting forth of same. Enforced laws is an effect, a healthy conscience is the cause. It is our part to deal with the cause.  
LEROY M. ANDERSON.

## Ada Social Events

**Mrs. Tobin's Reception.**  
At her home on 17th St., Mrs. Robert S. Tobin received her many friends Friday afternoon who were invited to meet her guest, Mrs. Burrell B. Bridges, of Chickasha.  
The house interior which is ideal for such reception, was made more beautiful by the elaborate decorations, Pink ramblers in luxuriance, portieres of pink and white ribbon, caught with tiny bunches of roses, the soft light from beneath pink shades, made perfect the color effect in the first-floor rooms.

Mrs. Thornton received the guests at the door, directed them up stairs, Violet Moore receiving the cards at the landing. They were greeted at the door of blue room by Mrs. Mason received into the Japanese room by Mrs. McKinley. This seemed a veritable Japanese department, with its fans, parasols and other Japanese articles and was lighted with Japanese lanterns. Tea was served by two Japanese-gowned misses, Olive Kice and Emma Thompson. The guests returned to the library, registered with Mrs. Beck and were received by Mrs. Tobin and Mrs. Bridges. From the sitting room, where a contest was conducted by Mrs. Hope and Mrs. Ebey, they proceeded to the dining room, were met by Mrs. Lefevre and served by Mrs. Kice and Mrs. Beard. They were shown through the hall by Miss Corinne Kice, and on leaving, received favors from Little May Ruth Bridges.

The society folk of Ada were pleased to meet Mrs. Tobin's charming visitor and several entertainments for her are booked for next week.

**Mrs. Sledge Entertains.**  
Mrs. Willis Sledge and Miss Sledge were "at home" this afternoon from 4 to 6 when a host of friends had the pleasure of calling and meeting their visitors, Miss Voglesang, of Wellston, Ohio, and Miss Benson, of Madisonville, Ky.

The house was prettily decorated in cut flowers and lighted by candles, softened by pink shades. Pink and white flowers were used except in the music room, where the color scheme was red, beautiful red carnations and red roses were in profusion.

Mrs. Ebey greeted the callers and they were introduced by Mrs. Galbraith to Mrs. Sledge, Miss Voglesang, Miss Sledge, Miss Benson and Miss Torbett. Mrs. Kice stood at the entrance to the music room, where they were received by Mrs. Hope, Miss Case was pianist. Then they were directed by Mrs. Barney to the punch room, where the walls were almost covered with college penants. Mrs. Hays poured punch which was served by Mrs. Drummond, Misses Fannie J. Allen and Mattie Currie. Passing through the hall, they were received into the dining room by Mrs. Chauncey and served to refreshments by Mesdames Simpson, Thornton, Hall and McKinley. Mrs. Lefevre had charge of the register. Little Roberta Allen presented cape jessamines as favors and Geraldine Hall received the cards.

Miss Alpha's friends gladly welcome her home, after an absence of 4 months in Belmont College, Nashville, Tenn.

She will entertain the young people tonight in honor of her visitors, Misses Voglesang and Benson.

A number of entertainments are calendared for next week to be given in honor of Mrs. R. S. Tobin's and Miss Sledge's visitors.

Tuesday morning Mrs. Sledge will entertain her house party.

Wednesday afternoon, Mrs. Ebey and Mrs. Galbraith will entertain Mrs. Tobin's and Mrs. Sledge's house parties.

Thursday Mrs. Manville will give a luncheon complimentary to Mrs. Sledge's guests.

**ANOTHER WONDER OF SCIENCE.**  
Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## FRENCH SUBMARINE LOST BEYOND A DOUBT

Calais, France, May 27.—Hope that any of the twenty-seven men imprisoned in the French submarine Pluviose, which was sunk by the Pas de Calais off here yesterday, survive is all but abandoned. Reports made by divers who under great difficulty investigated the wreck, are that the hull of the submarine was crushed in the collision.

A flotilla of torpedo boats and dredgers with a force of divers worked daily throughout the night to raise the ill-fated war craft from her bed 100 feet below surface.

Strong currents interfered greatly with the operations and at noon today little had been accomplished.

Admiral Payrore, minister of marine, is on the scene, personally directing the work.

Later this afternoon the Pluviose was lifted from her mud bed by a swift under-current and swept from view of divers, who have not been able again to locate her.

## GOT IN WITH BOTH FEET

And Next Time Brown Will Think Before He Talks Too Much.

"I see your wife is a German," remarked Brown casually.

Robinson looked up in surprise. "Why," he said, "how did you guess that? She was born in this country, and has neither a trace of accent or German idiom."

Brown laughed a little confusedly. "I just guessed it," he answered. "It was—well, maybe it was that I thought she had Teutonic features."

Robinson looked first at his wife and then at Brown. "That is curious," he said. "She is more often taken for a person of French extraction. Her people are from the Rhine district, you know, and as she is dark and slight very few would think she was German. In the popular mind that type is fair and large."

"Oh," answered Brown, who had by this time recovered his assurance, "I am well acquainted with many types of German. That is probably how I came to make such an inconsiderate remark."

Mrs. Robinson laughed lightly. "I'm proud of my Germanic origin," she said. "But it has never happened before that anyone guessed it so accurately as you did."

Then the conversation drifted to other matters. But Mrs. Brown remembered, and on the way home she said to her husband: "How did you guess Mrs. Robinson is German?"

"Nearly got my foot in it, didn't I?" said her husband, throwing out his chest a little. "But it was clever detective work on my part. Did you see how she poured tea? No? Well, she lifted the pot high and poured it so that bubbles formed in the cup. She got that gesture from pouring beer, or seeing it poured, so as to get a head. That made me think she was German. Of course she might have been some other nationality, but the Germans take most care in pouring their beer and do it most artistically, so—"

But his wife interrupted him. "How does it happen," she demanded, "that you know so much about the art of pouring beer?" And though she continued to question him all the way home and for a considerable time after they arrived home, she did not get what she considered a satisfactory explanation.—N. Y. Press.

## No Cause for Contest.

Assemblyman John C. Hackett of New York recently told this story in a speech: "I was up in Rockland county last summer and there was a banquet given at a country hotel. All the farmers were there and all the village characters. I was asked to make a speech. 'Now,' said I, with the usual apologetic manner, 'it is not fair to you for the toastmaster to ask me to speak. I am notorious as the worst public speaker in the state of New York. My reputation extends from one end of the state to the other. I have no rival whatever when it comes—' I was interrupted by a lanky, ill-clad individual, who had stuck too close to the beer pitcher. 'Gentlemen,' said he, 'I take exception to what this here man says. He ain't the worst public speaker in the state. I am. You all know it, an' I want it made a matter of record that I took 'exception.' 'Well, my friend,' said I, 'suppose we leave it to the guests. You sit down while I say my piece and then I'll sit down and let you give a demonstration.' The fellow agreed, and I went on. I hadn't gone far when he got up again. 'S all right,' said he, 'you win; needn't go no further.'"

## MAN DEAD R. L. CARROLL A SUICIDE

R. L. Carroll died at the Lile rooming house shortly after 3 o'clock. About three o'clock he was seen at John Smith's drug store and gave P. C. Major a truck cigar and walked out of the store. In a few minutes he was seen by J. B. Mann of Lawrence walking in a peculiar manner toward the Lile rooming house and in a few moments he was heard stumbling and fell on the stairway. Mr. and Mrs. Lile heard him coming up the stairway and assisted him to room nine, the room he had occupied last night and the night before. Mrs. Lile said: "You are drunk are you not?" He replied: "Die will never know I am here." She helped him pull off his shoes while some one went for Dr. Faust. When the physician arrived on the scene the man was dead. An empty box which said "strychnine" was found and this was the cause of his death. Bell blame no one but myself. You have been a true wife to me.

He leaves a wife and three children, who live at Fitzhugh Carroll.

was a son-in-law of Roe Chilcutt of that place and was a stockman. He was a frequent guest at the Lile house and is well known to a great many people in this county. His wife has been informed of the tragedy and is expected to arrive in Ada on the northbound Frisco. An inquest is being held now and at the earliest moment the remains will be removed to the Walters & Norris undertaking parlors.

It is not known where he got the strychnine or how much. The deadly poison did its fatal work in less than ten minutes after he was able to joke with his friends.

### AMERICANS WIN VICTORY FOR INSURGENT ARMY

Bluefields, Nicaragua, May 26.—The unerring marksmanship of a number of American gunners who are fighting with the Nicaraguan insurgents enabled the insurgents to win a victory over the government troops in the fighting here.

The government troops began their attack Wednesday and it appeared that they would be successful but they were met by such a gallant fire that they were compelled to flee Thursday.

The insurgents have recaptured the customs houses. Two hundred have been killed and four hundred have been wounded in the fighting.

The insurgents will probably lose the advantage gained in the repulse of the enemy for the reason that they are not following close after the retreating army. There appears to be dissension in the ranks of the insurgents.

## WAS ADA BETRAYED BY ALLEGED FRIENDS

DID SHELBY DOWNARD AND MR. LEVY TO WHOM ADA HAS BEEN GOOD SLANDER ADA ASPHALT.

### SHERMAN REPORT SAYS YES

It is said that in contest for Sherman Paving Contract tactics were resorted to which were questionable.

Some one has said that there is honor even among thieves as even there is honor among public works contractors that thieves would cooperate deal fairly and divide the spoils among themselves while stealing from all others even so likewise, all public works contractors.

Of course such analogy is unfair for undoubtedly a fair division of public works contractors is honorable even if such conception could not be forced by a critical scrutiny of the deeds and methods of those public works contractors with which Ada has been and apparently at present is having experience. There were the Onal-Lumsden water works and dam contracts and there were—but that is of the past it is of the present wherein public interest is paramount.

The public is conversant with the fact that some time ago the city council awarded Shelby Downard Co. of Ardmore a \$100,000 rock asphalt paving contract even though its bid was a few dollars above that of another firm but which firm at the time was unknown to the city. When it was thought that the Shelby Downard people had accomplished much rock asphalt paving. But before the city would close the contract with Shelby Downard Co. which was known to own rock asphalt mining interests in the vicinity of Ardmore a contract was rejected that only Ada or Pontotoc county rock asphalt should be used on the Ada streets for it was known by the council that it was to be used in the city of Ada and the entire use of it by the city of Ada would be a great loss to the city.

Now here comes a man of a story which is believed to be true and it so in its own right. Messrs. Shelby Downard Co. and Messrs. Levy and Gilkerson associates in rock asphalt paving should be severely punished by the city and in a manner that will search a lesson to Shelby Downard Co.

### INDIAN FOOT BALL PLAYER SUCCESSFUL STRIKE BREAKER

Spokane Wash May 27.—H. J. White, a full blooded Squaw Indian star of the Catholic Indian school team in 1908 and 1909 and linguist and scholar has become a strike breaker in a local restaurant. Induced from his high place, he says by stress of circumstances following the death of his young brother on the Nez Perce Indian reservation in Northern Idaho. White is educated and refined and though probably more at home on the gridiron in the class room and in an office he has mastered the art of serving a lunch or a dinner and is not afraid to work. When recognized by a party of eastern college men, he admitted his identity and told a story of his strange mix up with fortune. He came to the Northwest from New York a short time ago being summoned by the illness of his brother. The brother died and after the funeral White came to Spokane arriving here the day 600 waiters and kitchen helpers went on strike on five minutes' notice. He was pressed into the service and will remain until the end of the strike.

## ESTRADA'S FORCES DEFEATED

The Government Forces Route Insur-  
gents—May End War.  
Bluefields, Nicaragua, May 27.—The  
government forces, under cover of the  
fire of the gunboat San Jacinto, to-  
day routed the insurgents and captured  
Bluefields Bluff.  
This loss to the Estrada forces may  
end the revolution.

Department of Justice May Act.  
Washington, May 27.—State Depart-  
ment officials are much incensed at  
the statements in two cablegrams re-  
ported to have been sent to President  
Madriz at Managua by Senor Luis  
Corea, his representative in the United  
States, regarding the conditions  
under which the steamer Venus, now  
the Nicaraguan gunboat, obtained her  
clearance papers at New Orleans.  
These telegrams, if authentic, seem to  
show conclusively that the Venus  
was intended as a war vessel to op-  
erate against the revolutionary  
forces on the east coast of Nicaragua  
and that when she sailed from New  
Orleans she carried provisions and  
implements of war.

There is reason to believe that the  
matter will be turned over to the de-  
partment of justice, with the request  
that an investigation be ordered with  
a view of determining whether crim-  
inal action can be brought against the  
people concerned for false swear-  
ing in the United States Court at  
New Orleans as to the cargo and  
mission of the Venus.

## HERRING SPEAKS.

Elk City Candidate Has Good Crowd  
at Court House.  
Hon F. E. Herring, democratic can-  
didate for governor addressed a good  
sized crowd at the court house this  
afternoon. The speaker was introduc-  
ed by Byron Norrell and appropriate  
remarks. The candidates remarks  
were well received by those who  
heard him. He presented his claims in  
a modest and dignified manner and  
laid considerable stress upon the  
promise, if elected, that he will in-  
sure a business and economical ad-  
ministration. He referred to unrelia-  
bility of the Daily Oklahoman, and  
corrected a number of its misrepresen-  
tations. He gave a brief history  
of his career since boyhood and re-  
ferred to a number of Ada citizens  
as references. That Mr. Herring  
made a good impression upon his au-  
dience there is no doubt.

From Polo down to pingpong and from poker to Old Maid

And if friendly fortune favors—call it luck or what you will—  
You may carry off the honors but one game you'll surely lose,  
And that's the game that people play with  
Old  
Man  
Booze  
No man was ever known to make a winning at this game;  
All kinds of men have tried it—but the result was just the same;  
Your luck may change at faro, you may carry off a stake,  
But there's just one game that no one was ever known to break,  
And it has broken many—it will break you if you choose  
To go against the game that's played with  
Old  
Man  
Booze  
You may dally with the ponies, buck the wheel, or take a round  
Out of the fluctuating finance, and still 'scape safe and sound,  
You may margin May if hopeful the price go up or down,  
Or get a little hatchet, carnationize the town—  
Cut up any crazy caper a fickle fancy choose,  
But don't attempt to get the best of

## Rules for Reformatory.

Guthrie, Ok., May 27.—Rules of dis-  
cipline for the state reformatory at  
Granite will be the same as those ap-  
plied at the state penitentiary at Mc-  
Alester, according to action of the  
state board of pardons yesterday. Con-  
victs of the two prisons will also be  
clothed alike, in two-piece orange  
colo suits, bearing no mark other  
than the wearer's number. By resolu-  
tion of the board adopted some time  
ago Oklahoma abolished prison  
stripes. The first batch of suits will  
be made up in Louisville out of cloth  
especially woven for the state, but  
others are to be turned out by the  
state's own tailors at the main pris-  
on. The state has contracted for 10,  
000 yards of the special cloth, which  
is a combination of cotton and wool.

In Creek county sixty-nine steel  
bridges are to be built and thirty-six  
steel bridges are to be constructed in  
Okfuskee county, six of which are to  
be built over the North Canadian riv-  
er and one over Deep Fork.

Mrs. Samuel Marshal, 1 of Coalgate,

suffered from an almost constant  
ache across the small of my back,  
especially severe when I contracted  
a cold or overexerted myself. I also  
had trouble from the kidney secre-  
tions. Hearing Doan's Kidney Pills  
highly spoken of, I procured a box

use. The contents of two boxes of  
this remedy cured me. I always ad-

## A WEAK WOMAN AND HER STORY

In Floral, Ark., Lives a Lady Who  
Feels That Her Strength Was  
Restored by Cardui.  
Floral, Ark.—"I must speak a good  
word for Cardui," writes Mrs. Viola  
Baker, of this place.  
"About a month ago I was in very bad  
health. I was so weak and nervous that  
I was not able to do my housework."  
"My husband bought me one bottle of  
Cardui, the woman's tonic. I took it ac-  
cording to directions and now I am in  
good health."  
"I think Cardui is a fine tonic for weak  
women."  
And you are not the only lady who  
thinks so, Mrs. Baker.  
Thousands, like you, have written to  
tell of the wonderful benefit Cardui has  
been to them.  
Cardui contains no minerals, or other  
powerful drugs. It contains no glycerin  
or other mawkish-tasting ingredients.  
It is just a pure, natural extract of  
natural vegetable herbs, that have been  
found to regulate the womanly functions  
and strengthen the female system.  
All druggists sell Cardui.  
See yours about it.

## EXPECT TROUBLE BETWEEN OFFICERS AND BOOTLEGGERS

Cement, Okla., May 21.—What now  
looks like very serious trouble is  
brewing between a strong band of al-  
leged bootleggers and the officers  
here. Several threats of killings ar-  
reported made by the supposed boot-  
leggers and it is thought that they  
are forming a band for the organized  
opposition to the law, and trouble is  
expected momentarily.  
The trouble grew out of a raid  
made on the 5th of last May on the  
premises of W. S. Bantrage, living  
two miles and a half southwest of the  
city. When the officers arrived they  
were met by armed opposition and  
several gun plays were made but Of-  
ficers R. A. Bishop, I. T. Edwards, R.  
Rante, John L. Mabry and Al Warts,  
forced an entrance after Bantrage  
had been knocked down by a blow  
from a six shooter, and found on the  
premises three cases of whiskey con-  
taining three gallons each. After the  
raid Bantrage and his sympathizers  
formed a gang and proceeded to en-  
ter town and stir up something re-  
sembling a riot.  
Sheriff Baker of Anadarko was  
called and the disturbers were put  
under arrest and forced to make  
bond for their appearance in court.  
The case was tried on May 24 and  
the jury failing to agree the case  
was dismissed. Feeling, however, has  
been growing since the trial against  
the officers and many threats are re-  
ported to have been made against the  
life of the officers. Trouble is mo-  
mentarily expected.

## WOODWARD SOON TO ERECT A \$70,000 HIGH SCHOOL

Woodward, Okla., May 27.—Wood-  
ward is soon to provide itself with  
adequate school facilities. The city  
board of education has authorized  
Peter Martinson, president of the  
board, to go to Guthrie and collect  
the proceeds from the sale of the \$85,  
000 issue of school bonds voted April  
2.  
Under the arrangement provided  
for there are to be two ward schools  
and a \$70,000 high school. It is hoped  
that this arrangement will provide  
for the housing of Woodward's school  
population for the coming year. It  
has been necessary for the board of  
education to lease all vacant build-  
ings that could be obtained for school  
purposes.  
The advisability of a complete sew-  
er system is being discussed and will  
be provided for in the immediate fu-  
ture. It is likely \$35,000 will be spent  
soon in making extensions to the wa-  
ter system.

## CONVICTS "HUNG UP."

Punished for Refusing to Work in  
Ohio Penitentiary.  
Columbus, O., May 26.—Twenty-five  
more convicts in the Ohio peniten-  
tiary struck yesterday on the plea  
that they were being served with con-  
demned food, the total number on  
strike being 147, but all of them, af-  
ter a parley with the warden, prom-  
ised to return to work.  
Warden Jones promptly ordered all  
the strikers "hung up" so that their  
arms, in shackles, are held above  
their heads, though, none of their  
bodily weight is sustained by the  
shackles. Many of the strikers were  
murderers at work in the bolt room.  
One Hundred Homes Burn.  
El Paso, Tex., May 26.—One man  
was killed and several injured as the  
result of an explosion at the Do-  
lores mine in the state of Chihuahua,  
Mexico yesterday. The explosion start-  
ed a fire which destroyed 100 houses,  
rendering 500 persons homeless.

## POSTOFFICE LOCATION UNDER CONSIDERATION

Assistant to the third assistant in the contract department of the post office department, Rolfe, was in Ada yesterday with the purpose of letting a contract for the location of the post office at the expiration of the present contract, Sept. 2, 1910. No little interest is manifested in connection with this, for it is almost a sure thing that the post office will be moved to another point in the city other than it occupies at present, consequently there will be some sharp competition, and hard pulling between west and east Main to secure the coveted building.

Judge U. G. Winn takes his office as postmaster next Tuesday, May 1. He said in an interview this morning in substance that the new quarters for the office when it is moved will be equipped with modern conveniences. Every thing is to be perfectly sanitary. The building must be provided with an approved vault to keep government property, moneys, stamps, papers, etc. It is the Judge's opinion that Ada will be ready for free delivery within a year any way. Before Ada can secure the free delivery the names of the streets must be posted, the houses numbered and the proper crossings made on the streets, that is the side walks, paving and street crossings must warrant it. The present force of employees in the Post Office will be retained.

## NORMAL NEWS NOTES

**Baccalaureate Sermon to Be Delivered by Rev. Randolph Cook of Enid, Okla.**

The Senior Class of the East Central State Normal had Miss Hethe Dunaway give a recital some time ago, but on account of the inclemency of the weather at the time Miss Dunaway was here, they were not successful from a financial standpoint. Owing to the small number in the class, a class play will not be played this year. Now the class has arranged with Mr. Thomas of the Pastime Moving Picture show to have charge of the theater next Wednesday night. Miss Gertrude Thompson, a member of the class will sing and there will be special music by the Normal Orchestra, besides other special musical numbers, both vocal and instrumental.

The commencement exercises at the Normal will begin next Friday evening, June 3. Rev. Randolph Cook of Enid, Oklahoma, candidate for congress in this district will preach the Baccalaureate sermon at 11:00 o'clock in the Methodist church Sunday, June 5. A program has been arranged for each evening of the week beginning June 5 and ending Thursday evening June 9th at the Methodist church where Hon. M. L. Williams of Muskogee, Okla., will make the commencement address to the graduates and President Briles will present the diplomas.

The members of the Senior class are Misses Corinne Hardin and Kate Robinson of Tecumseh, Oklahoma, Miss Carmer Dallas of Konawa, Okla., Miss Gertrude Thompson, Ada, Mrs. M. L. Perkins, Ada, and Messrs. Johnson T. Crawford of Prairie Grove, Arkansas and Orel Busby of Konawa, Okla.

## A CLOSE CALL FOR SHERIFF SMITH YESTERDAY

Fire That Started in Simpson Hotel Nearly Causes Serious Accident.

Yesterday a few moments after five o'clock a fire originated in middle room on the south side of the Simpson Hotel and came very near being a serious affair. A Mrs. Howard who had just purchased the business and had just moved in, had a collection of household goods piled in the room mentioned. Some small children were playing on a bed and striking matches, and thus it is presumed the fire started. In response to the alarm the fire department made a splendid run and according to competent judges made as fine and quick a fire fight as could be. Geo. Culver, Chas. Brady, Sheriff Smith, and all the fire boys deserve special mention.

Mr. Smith got into the room where the fire originated and was working like a veteran when Mr. Walker not knowing of Mr. Smith's presence, rushed out of the room and closed the door to prevent fire spreading and hoping to smother the flames. The door having a spring lock fastened Mr. Smith securely in the room, and if it had not been for the presence of mind of A. Kilpatrick he would probably have lost his life right there. Mr. Kilpatrick had seen Mr. Smith go into the room and seeing the door fastened he threw his weight against the door several times and succeeded in breaking it down, and rescuing Mr. Smith who was nearly over come with heat and smoke.

The fire burned a few things in the house, and a good deal of the roof and scared a few people. Otherwise no great amount of damage was done.

## FINE BILLIARD EXHIBITION

**Malone Will Give Lovers of the Game An Interesting Time.**

Lovers of pool and billiards will be given an opportunity tonight and perhaps Monday afternoon of watching an expert show what he can do with the cue and balls, when former world champion billiardist, J. L. Malone, gives exhibitions at B. J. Corn's parlors.

Mr. Malone arrived here this morning and expects to remain over a day or two. He has arranged to give an exhibit tonight and perhaps Monday afternoon. Tonight he will play a regular straight pool game against local champions, after which he will give an exhibition of fancy shots on the billiard table. Monday night he will play billiards. The billiard game will be something of a treat. Mr. Malone will play 14 inch ball against three local experts, allowing his competition to play unlimited against him. The ball line game is seldom seen in Ada, being more difficult than the ordinary unlimited game.

The exhibition will start about 7:30 o'clock and arrangements will be made that a large crowd will witness them.

Mr. Malone still retains the title of champion billiard player of Mexico, which he won in 1899. He speaks very complimentary of Mr. Corn on his management of the parlors, always clean sanitary and up to date in every way. He says the hall is suitable for a town of fifty thousand population, and better than some of that size.

## PROF. SEARS LEAVES FOR EUROPEAN TOUR

Yesterday afternoon Prof. Sears left via the northbound Frisco to Richmond, Va., the first stopping point in the long journey before him. He expects to make a visit to every state east of the Mississippi river excepting Florida before he crosses the Atlantic. The members of the Normal faculty each wrote him a note to be opened and read on successive days out at sea. These will no doubt make him forget a great deal of the monotony incident to a long sea voyage, for we believe some advice is sealed up in those missives that will cause him to forget even sea sickness and think very strongly of his fellow teachers left behind. Yesterday at the chapel period he gave the students of the normal a parting talk in which he explained the use of pass ports, and the protection the U. S. throws around her citizen in foreign lands. At this point he wound the stars and stripes about him and then there went up a mighty shout of enthusiasm for Old Glory.

Prof. Sears has promised to write us, at intervals accounts of his travels which the public, especially the normal students await with suspense.

Ben H. Mason, genial cashier of the M. & P. Bank, is confined to his home in Sunrise ill.

Mrs. B. A. Mason's home was struck by lightning last evening, some damage resulting.

## PROF. M. L. PERKINS TO DELIVER BACCALAUREATE ADDRESS

It seems that the members of the E. C. N. faculty are in demand as baccalaureate preachers. Vice Pres. M. L. Perkins will have the honor of delivering the commencement address to Holdenville High school graduates next Tuesday night, May 31. Prof. Perkins says:

"Holdenville has five 'sweet girl graduates' this year and he will incidentally talk to them on the 'boy problem.' Prof. Perkins has chosen for his subject: 'The Coming Educational Transformation.' He sees the changes or transformations that should and will come in this great problem of education; and, while he expects to give something—well, say 'new' for convenience, he is able to defend his position. Holdenville is indeed fortunate in securing him.

WASHINGTON, INDIAN ROUND-UP  
ING UP HORSES AND CATTLE  
Spokane, Wash., May 27.—Indians  
are rounding up their horses on the  
Spokane reservation, northwest of  
here, preparatory to the coming of  
the white settlers, who were success-  
ful in Uncle Sam's lottery for home-  
steads, last August. Among the horses  
corralled during the last few days  
are many with several brands un-  
known on the reserve; also a lot of  
mavericks, which will be branded  
and taken by the redmen unless the  
owners appear before the close of the  
roundup and claim their stock. It is  
believed the animals strayed from  
pastures in Ferry, Stevens and ad-  
joining counties on the border. The  
roundup is a month earlier than usual  
and the horses are not in the best  
of condition. However, the bidding  
by dealers from Spokane and other  
points is brisk and this competition  
will result in the Indians receiving  
good prices for their cayuse. Captain  
John McA. Webster, Indian agent on  
the reserve, says the Indians have  
plenty of money, \$850,000 being dis-  
bursed among them by the Indians'  
department during the last five days.

Read what Mrs. W. S. DeLong, the lady in charge of the Calumet Baking

"THE WAPLES PLATTER GRO. CO.: After using the WAPCO FLOUR

have ever used, and I take pleasure in recommending it to the public.

**W. C. T. U. NOTES.**  
State Motto: Only the Golden Rule  
of Christ can bring the Golden Rule  
of Man.  
Badge: A knot of White Ribbon.

"It breathes of hope to the hopeless,  
It tells of a purpose high.  
For God, for Home and County,  
To live, to do and to die;  
Its purity is a promise  
Of a day we long to see,  
When stanchless as its beauty,  
Our starry flag shall be.  
Then let it shine out, dear women,  
Morning and noon and night,  
Glad to show wherever you go,  
Your's standing for and right."

When Miss Willard was on her  
death-bed, she realized as never be-  
fore, that we had not been as active  
as we should have been in letting the  
world know "what we were trying to  
do. She said to Miss Gordon, "Annie,  
ask the women to go out and tell the  
people what we are trying to do  
They certainly will come in and help  
us."

I believe that prohibition has been  
decidedly beneficial in our state.  
While there are violations of law,  
numerous in some localities and less  
frequent in others, yet in the worst  
places, it is infinitely better than open  
saloons.

Perhaps no phase of the prohibition  
situation is so agitating the minds  
of the people in Oklahoma just now  
like that of enforcing the law and I  
believe that we have every reason to  
feel encouraged. The only argument  
the liquor traffic has is, "it can't be  
done—you can't enforce the law," the  
only answer necessary is persistent  
optimism, a faith that removes moun-  
tains. If the people can not enforce  
the laws they have enacted then the  
popular government is a failure. To  
say the prohibition law can not be  
enforced is anarchy and the utter-  
ance is altogether unworthy an Am-  
erican citizen.

**Sentiment and Law.**  
A loose enforcement of any law is  
always a calamity. It has in its last  
analysis the full grown professional  
anarchist. Any man who condones or  
is indifferent to the quickening of the  
public conscience as regards the en-  
forcement of law has in him the ele-  
ments of an anarchist. There is  
something far worse in a community  
than the pronounced violation of law  
or the trunks of such violation, and  
that is the sentiment that will tol-  
erate such conduct and laxness.  
What our citizens need to do is to  
foster civic righteousness and quick-  
ened consciences. A high state of  
community morals and ideals and a  
strict regard for law, comes only at  
the price of a constant setting forth  
of same. Enforced laws is an effect,  
a healthy conscience is the cause. It  
is one part to deal with the cause.

**Another Wonder of Science.**  
Biology has Proved that Dandruff is  
Caused by a Germ.

Science is doing wonders these days in  
medicine as well as in mechanics. Since  
Adam lived, the human race has been  
troubled with dandruff, for which no hair  
preparation has heretofore proved a suc-  
cessful cure until Newbro's Headlice was  
put on the market. "It is a scientific pre-  
paration that kills the germ that makes  
dandruff or scurf by digging into the  
scalp to get at the root of the hair, where  
it saps the vitality, causing itching scalp,  
falling hair, and finally baldness. With-  
out dandruff hair must grow luxuriantly.

**Mrs. Tobin's Reception.**  
At her home on 17th St., Mrs. Rob-  
ert S. Tobin received her many  
friends Friday afternoon who were in-  
vited to meet her guest, Mrs. Burrell  
B. Bridges, of Chickasha.

The house interior which is ideal  
for such reception, was made more  
beautiful by the elaborate decorations.  
Pink ramblers in luxuriance, portier-  
es of pink and white ribbon, caught  
with tiny bunches of roses, the soft  
light from beneath pink shades, made  
perfect the color effect in the first-  
floor rooms.

Mrs. Thornton received the guests  
at the door, directed them up stairs,  
Violet Moore receiving the cards at  
the landing. They were greeted at  
the door or blue room by Mrs. Mason  
received into the Japanese room by  
Mrs. McKinley. This seemed a verita-  
ble Japanese department, with its  
fans, parasols and other Japanese  
articles and was lighted with Japa-  
nese lanterns. Tea was served by  
two Japanese-gowned misses, Olive  
Kice and Emma Thompson. The  
guests returned to the library, reg-  
istered with Mrs. Beck and were re-  
ceived by Mrs. Tobin and Mrs.  
Bridges. From the sitting room, where  
a contest was conducted by Mrs.  
Hope and Mrs. Ebey, they proceeded  
to the dining room, where met by Mrs.  
Lefevre and served by Mrs. Kice and  
Mrs. Beard. They were shown through  
the hall by Miss Corinne Kice, and on  
leaving, received favors from little  
May Ruth Bridges.

The society folk of Ada were pleased  
to meet Mrs. Tobin's charming  
visitor and several entertainments for  
her are looked for next week.

**Mrs. Sledge Entertains.**  
Mrs. Wilks Sledge and Miss Sledge  
were "at home" this afternoon from  
4 to 6 when a host of friends had  
the pleasure of calling and meeting  
their visitors, Miss Voglesang, of  
Wellston, Ohio, and Miss Benson, of  
Madisonville, Ky.

The house was prettily decorated  
in cut flowers and lighted by candles,  
softened by pink shades. Pink and  
white flowers were used except in the  
music room, where the color  
scheme was red, beautiful red carnations  
and red roses were in profusion.

Miss Ebey greeted the callers and  
they were introduced by Mrs. Gal-  
braith to Mrs. Sledge, Miss Voglesang,  
Miss Sledge, Miss Benson and Miss  
Torbett. Mrs. Kice stood at the en-  
trance to the music room, where they  
were received by Mrs. Hope, Miss  
Case was pianist. Then they were  
directed by Mrs. Barney to the punch  
room, where the walls were almost  
covered with collage penans. Mrs.  
Hays poured punch which was served  
by Mrs. Drummond, Misses Fannie I.  
Allen and Mattie Marie Pasine  
through the hall, they were received  
into the dining room by Mrs. Chauncey  
and served to refreshments by  
Mesdames Simpson, Thornton Hall  
and McKinley. Mrs. Lefevre had  
charge of the register. Little Roberta  
Allen presented can pennants as  
favors and Geraldine Hall received  
the cards.

Mrs. Alpha's friends gladly welcome  
her home, after an absence of 10  
months in Belmont College, Nashville,  
Tenn.

She will entertain the young peo-  
ple tonight in honor of her visitors  
Mesdames Voglesang and Benson.

**FRENCH SUBMARINE LOST**  
BEYOND A DOUBT

Calais, France, May 27.—Hope that  
any of the twenty-seven men impris-  
oned in the French submarine Pluviose,  
which was sunk by the Pas de  
Calais off here yesterday, survive is  
all but abandoned. Reports made by  
divers who under great difficulty in-  
vestigated the wreck, are that the  
hull of the submarine was crushed  
in the collision.

A flotilla of torpedo boats and  
dredgers with a force of divers work-  
ed daily throughout the night to raise  
the ill-fated war craft from her bed  
100 feet below surface.

Strong currents interfered greatly  
with the operations and at noon to-  
day little had been accomplished.

Admiral Payron, minister of ma-  
rine, is on the scene, personally di-  
recting the work.

Later this afternoon the Pluviose  
was lifted from her mud bed by a  
swift under-current and swept from  
view of divers, who have not been  
able again to locate her.

**GOT IN WITH BOTH FEET**  
And Next Time Brown Will Think  
Before He Talks Too  
Much.

"I see your wife is a German," re-  
marked Brown casually.  
Robinson looked up in surprise.  
"Why," he said, "how did you guess  
that? She was born in this country,  
and has neither a trace of accent or  
German idiom."

Brown laughed a little confusedly.  
"I just guessed it," he answered. "It  
was—well, maybe it was that I  
thought she had Teutonic features."

Robinson looked first at his wife  
and then at Brown. "That is curious,"  
he said. "She is more often taken for  
a person of French extraction. Her  
people are from the Rhine district,  
you know, and as she is dark and  
slight very few would think she was  
German. In the popular mind that  
type is fair and large."

"Oh," answered Brown, who had by  
this time recovered his assurance, "I  
am well acquainted with many types  
of German. That is probably how I  
came to make such an inconsiderate  
remark."

Mrs. Robinson laughed lightly. "I'm  
proud of my Germanic origin," she  
said. "But it has never happened be-  
fore that anyone guessed it so ac-  
curately as you did."

Then the conversation drifted to  
other matters. But Mrs. Brown re-  
membered, and on the way home she  
said to her husband: "How did you  
guess Mrs. Robinson is German?"

"Nearly got my foot in it, didn't I?"  
said her husband, throwing out his  
chest a little. "But it was clever de-  
ceptive work on my part. Did you see  
how she poured tea? No? Well, she  
lifted the pot high and poured it so  
that bubbles formed in the cup. She  
got that gesture from pouring beer, or  
seeing it poured, so as to get a bead.  
That made me think she was German.  
Of course she might have been some  
other nationality, but the Germans  
take most care in pouring their beer  
and do it most artistically, so—"

But his wife interrupted him. "How  
does it happen," she demanded, "that  
you know so much about the art of  
pouring beer?" And though she con-  
tinued to question him all the way  
home and for a considerable time  
after they arrived home, she did not  
get what she considered a satisfactory  
explanation.—N. Y. Press.

**No Cause for Contest.**  
Assemblyman John C. Hackett of  
New York recently told this story in  
a speech: "I was up in Rockland  
county last summer and there was  
a banquet given at a country hotel.  
All the farmers were there and all  
the village characters. I was asked  
to make a speech. 'Now,' said I, with  
the usual apologetic manner, 'it is not  
fair to you for the toastmaster to ask  
me to speak. I am notorious as the  
worst public speaker in the state of  
New York. My reputation extends  
from one end of the state to the other.  
I have no rival whatever when it  
comes—' I was interrupted by a  
lanky, ill-clad individual, who had  
stuck too close to the beer pitcher.  
'Gentlemen,' said he, 'I take exception  
to what this here man says. He ain't  
the worst public speaker in the state.  
I am. You all know it, an' I want  
it made a matter of record that I took  
exception.' 'Well, my friend,' said I,  
'suppose we leave it to the guests.  
You sit down while I say my piece  
and then I'll sit down and let you  
give a demonstration.' The fellow  
agreed, and I went on. I hadn't gone  
far when he got up again. 'S all  
right,' said he, 'you win; needn't go  
no further.'"

**Another Wonder of Science.**  
Biology has Proved that Dandruff is  
Caused by a Germ.

Science is doing wonders these days in  
medicine as well as in mechanics. Since  
Adam lived, the human race has been  
troubled with dandruff, for which no hair  
preparation has heretofore proved a suc-  
cessful cure until Newbro's Headlice was  
put on the market. "It is a scientific pre-  
paration that kills the germ that makes  
dandruff or scurf by digging into the  
scalp to get at the root of the hair, where  
it saps the vitality, causing itching scalp,  
falling hair, and finally baldness. With-  
out dandruff hair must grow luxuriantly.  
It is the only destroyer of dandruff.

## MAN DEAD R. L. CARROLL A SUICIDE

R. L. Carroll died at the Life rooming house shortly after 3 o'clock. About three o'clock he was seen at John Smith's drug store and gave P. C. Major a truck cigar and walked out of the store. In a few minutes he was seen by J. B. Mann of Lawrence walking in a peculiar manner toward the Life rooming house and in a few moments he was heard stumbling and fell on the stairway. Mr. and Mrs. Life heard him coming up the stairway and assisted him to room nine the room he had occupied last night and the night before. Mrs. Life said: "You are drunk are you not?" He replied: "No, I will never know I am here. She helped me pull off his shoes while some one went for Dr. Faust. When the physician arrived on the scene, the man was dead. An empty box which said strychnine was found and this note to his wife: 'Bell blame no one but myself. You have been a true wife to me.' He leaves a wife and three children who live at Pittsburgh, Carroll.

was a son-in-law of Roe Chilcutt of that place and was a stockman. He was a frequent guest at the Life house and is well known to a great many people in this county. His wife has been informed of the tragedy and is expected to arrive in Ada on the northbound Frisco. An inquest is being held now and at the earliest moment the remains will be removed to the Walters & Norris undertaking parlors.

It is not known where he got the strychnine or how much. The deadly poison did its fatal work in less than ten minutes after he was able to joke with his friends.

### AMERICANS WIN VICTORY FOR INSURGENT ARMY

Bluefields, Nicaragua, May 26.—The unerring marksmanship of a number of American gunners who are fighting with the Nicaraguan insurgents enabled the insurgents to win a victory over the government troops in the fighting here.

The government troops began their attack Wednesday and it appeared that they would be successful but they were met by such a gallant fire that they were compelled to flee Thursday.

The insurgents have recaptured the customs houses. Two hundred have been killed and four hundred have been wounded in the fighting.

The insurgents will probably lose the advantage gained in the repulse of the enemy for the reason that they are not following close after the retreating army. There appears to be dissension in the ranks of the insurgents.

### SHERMAN REPORT SAYS YES

It is said that in contest for Sherman Paying Contract tactics were resorted to which were questionable.

Some one has said that there is honor even among thieves as even there is honor among public works contractors that thieves would cooperate and divide the spoils among themselves while stealing from all others even so likewise, all public works contractors.

Of course such analogy is unfair for undoubtedly a fair division of public works contractors is honorable even if such conception could not be for led by a critical scrutiny of the deeds and methods of those public works contractors with which Ada has been and apparently at present is having experience. There were the Onal-Lamsden water works and dam contracts and there were—but that is of the past it is of the present wherein public interest is paramount.

The public is conversant with the fact that some time ago the city council awarded Shelby Downard Co. of Ardmore a \$100,000 rock asphalt paving contract even though its bid was a few dollars above that of another firm but which firm at the time was unknown to the experience when it was thought that the Shelby Downard people had accomplished much rock asphalt paving. But before the city would close the contract with Shelby Downard Co. which was known to own rock asphalt paving interests in the vicinity of Ardmore a contract was required that only Ada or Ponca or county rock asphalt should be used on the Ada streets for it was known in the reasonable use of it by the World and Kansas City and the entire use of it by the city of Lawton through Ada rock asphalt was perfect.

Now here comes a question of a story which is believed to be true and it so in its own points Messrs. Shelby Downard Co. and Messrs. Levy and Glickson associates in rock asphalt paving should be severely punished in this city and in a manner that will search a prominent citizen in Ada lately who is interested in a street paving proposal there and in substance. A few days ago the city council of Sherman formally opened bids for street paving. The lowest bid was that of Bert Hahn Construction Co. This bid included the proposal to use Ada asphalt. The next lowest bid was that of Shelby Downard Co. and associates Glickson & Levy who proposed to use Ardmore asphalt. These latter bidders argued to the members of the Sherman council that the low bid which proposed to use Ada asphalt should not be considered for the Ardmore asphalt was much superior to the Ada asphalt basing such contention on the representation that they had the Ada paving contract and would use on the Ada streets Ardmore asphalt and not Ada asphalt. Naturally the members of the Sherman council became timid as to Ada asphalt when it appeared that Ada was refusing to use its own product and all bids were thrown out.

Did Shelby Downard Co. and associates Glickson & Levy to whom this city has been so liberal in several contract awards and subsequent treatments utter such expressions in all essential points as has been attributed against Ada asphalt? If they did they are not only lousy with in attitude but it is well for Messrs. Shelby Downard Co. to be under contract with the city of Ada to use Ada or Ponca county asphalt. Unless the report which is the basis of this article should be untrue it is the News spirit to urge drastic reciprocal action against the gentlemen with which the city of Ada has much unfinished business.

There is no care whatever whether Bert Hahn Construction Company should ever receive any recognition anywhere, but there is a care that the reputation of Ada asphalt should not be unwarrantably attacked.

The Government Forces Route Insur-  
gents—May End War.

Bluefields, Nicaragua, May 27.—The  
government forces, under cover of the  
fire of the gunboat San Jacinto, to-  
day routed the insurgents and cap-  
tured Bluefields Bluff.  
This loss to the Estrada forces may  
end the revolution.

Department of Justice May Act.

Washington, May 27.—State Depart-  
ment officials are much incensed at  
the statements in two cablegrams re-  
ported to have been sent to President  
Madriz at Managua by Senor Luis  
Corea, his representative in the United  
States, regarding the conditions  
under which the steamer Venus, now  
the Nicaraguan gunboat, obtained her  
clearance papers at New Orleans.  
These telegrams, if authentic, seem to  
show conclusively that the Venus  
was intended as a war vessel to op-  
erate against the revolutionary  
forces on the east coast of Nicaragua  
and that when she sailed from New  
Orleans she carried provisions and  
implements of war.

There is reason to believe that the  
matter will be turned over to the de-  
partment of justice, with the request  
that an investigation be ordered with  
a view of determining whether crim-  
inal action can be brought against the  
people concerned for false swear-  
ing in the United States Court at  
New Orleans as to the cargo and  
mission of the Venus.

### HERRING SPEAKS.

Elk City Candidate Has Good Crowd  
at Court House.

Hon F. E. Herring, democratic candi-  
date for governor addressed a good  
sized crowd at the court house this  
afternoon. The speaker was introduc-  
ed by Byron Norrell and appropriate  
remarks. The candidates remarks  
were well received by those who  
heard him. He presented his claims in  
a modest and dignified manner and  
laid considerable stress upon the  
promise, if elected, that he will in-  
sure a business and economical ad-  
ministration. He referred to unreli-  
ability of the Daily Oklahoman, and  
corrected a number of its misrepresen-  
tations. He gave a brief history  
of his career since boyhood and re-  
ferred to a number of Ada citizens  
as references. That Mr. Herring  
made a good impression upon his au-  
dience there is no doubt.

### Rules for Reformatory.

Guthrie, Ok., May 27.—Rules of dis-  
cipline for the state reformatory at  
Granite will be the same as those ap-  
plied at the state penitentiary at Mc-  
Alester, according to action of the  
state board of pardons yesterday. Con-  
victs of the two prisons will also be  
clothed alike, in two-piece orange  
colo suits, bearing no mark other  
than the wearer's number. By resolu-  
tion of the board adopted some time  
ago Oklahoma abolished prison  
stripes. The first batch of suits will  
be made up in Louisville out of cloth  
especially woven for the state, but  
others are to be turned out by the  
state's own tailors at the main prison.  
The state has contracted for 10,  
000 yards of the special cloth, which  
is a combination of cotton and wool.

### WEALTH AND FASHION

#### IN RUSH TO EUROPE

#### Over 2,500 Persons Seek Pleasure Across Atlantic.

New York, May 27.—The tide of  
wealth and fashion toward Europe  
reached its spring flood Saturday  
when a fleet of seven outgoing liners  
carried 2,695 persons bound for the  
pleasure cities and resorts of Great  
Britain and the continent.  
The rush Europeward has never  
seemed more general among people of  
means and leisure than this year. Not  
only did the number of passengers  
sailing constitute the record for a  
single day, but on other recent sail-  
ing days the passenger lists of the  
liners have been of unusual length  
and the outward tide of travel prom-  
ises to continue until unusually late.  
The summer season in Europe holds  
out unusual attractions in aviation  
meets and other amusements.  
The aggregate of wealth repre-  
sented the steamers leaving port Sat-  
urday was tremendous.  
Many millions of dollars will be  
left on the other side by the outgoing  
travelers of this and the other big  
sailing days of the spring season,  
when people of wealth generally elect  
to go abroad.

A representative passenger list to-  
day is that of the steamer Kaiserin  
Augusta Victoria, carrying among oth-  
ers Mr. and Mrs. C. Oliver Iselin, Mr.  
and Mrs. Perry Belmont, several  
members of the Schwarzhild fam-  
ily, Mr. and Mrs. C. D. Campbell  
Johnston of San Francisco, and nu-  
merous other well known people.

The Celtic for Liverpool took nu-  
merous notable, prominent among  
whom was William Jennings Bryan,  
who goes to attend a missionary con-  
ference to be held in Edinburgh, Scot-  
land.

On the Lapland for Antwerp were  
Senator and Mrs. Elihu Root. Sena-  
tor Root is on official business. The  
Celtic took more than 600 passengers,  
while the Kaiserine Augusta Victoria  
held the record with nearly 800.

In Floral, Ark., Lives a Lady Who  
Feels That Her Strength Was  
Restored by Cardui.

Floral, Ark.—"I must speak a good  
word for Cardui," writes Mrs. Viola  
Baker, of this place.  
"About a month ago I was in very bad  
health. I was so weak and nervous that  
I was not able to do my housework."  
"My husband bought me one bottle of  
Cardui, the woman's tonic. I took it ac-  
cording to directions and now I am in  
good health."  
"I think Cardui is a fine tonic for weak  
women."

And you are not the only lady who  
thinks so, Mrs. Baker.  
Thousands, like you, have written to  
tell of the wonderful benefit Cardui has  
been to them.

Cardui contains no minerals, or other  
powerful drugs. It contains no glycerin  
or other mawkish-tasting ingredients.

It is just a pure, natural extract,  
of natural vegetable herbs, that have been  
found to regulate the woman's functions  
and strengthen the female system.

### EXPECT TROUBLE BETWEEN OFFICERS AND BOOTLEGGERS

Cement, Okla., May 21.—What now  
looks like very serious trouble is  
brewing between a strong band of al-  
leged bootleggers and the officers  
here. Several threats of killings are  
reported made by the supposed boot-  
leggers and it is thought that they  
are forming a band for the organized  
opposition to the law, and trouble is  
expected momentarily.

The trouble grew out of a raid  
made on the 5th of last May on the  
premises of W. S. Bantrage, living  
two miles and a half southwest of the  
city. When the officers arrived they  
were met by armed opposition and  
several gun plays were made but Of-  
ficers R. A. Bishop, I. T. Edwards, R.  
Rante, John L. Mabry and Al Warts,  
forced an entrance after Bantrage  
had been knocked down by a blow  
from a six shooter, and found on the  
premises three cases of whiskey con-  
taining three gallons each. After the  
raid Bantrage and his sympathizers  
formed a gang and proceeded to en-  
ter town and stir up something re-  
sembling a riot.

Sheriff Baker of Anadarko was  
called and the disturbers were put  
under arrest and forced to make  
bond for their appearance in court.

The case was tried on May 24 and  
the jury failing to agree the case  
was dismissed. Feeling, however, has  
been growing since the trial against  
the officers and many threats are re-  
ported to have been made against the  
life of the officers. Trouble is mo-  
mentarily expected.

### WOODWARD SOON TO ERECT A \$70,000 HIGH SCHOOL

Woodward, Okla., May 27.—Wood-  
ward is soon to provide itself with  
adequate school facilities. The city  
board of education has authorized  
Peter Martinson, president of the  
board, to go to Guthrie and collect  
the proceeds from the sale of the \$85,  
000 issue of school bonds voted April  
2.

Under the arrangement provided  
for there are to be two ward schools  
and a \$70,000 high school. It is hoped  
that this arrangement will provide  
for the housing of Woodward's school  
population for the coming year. It  
has been necessary for the board of  
education to lease all vacant build-  
ings that could be obtained for school  
purposes.

The advisability of a complete sew-  
er system is being discussed and will  
be provided for in the immediate fu-  
ture. It is likely \$35,000 will be spent  
soon in making extensions to the wa-  
ter system.

### CONVICTS "HUNG UP."

Published for Refusing to Work in  
Ohio Penitentiary.

Columbus, O., May 26.—Twenty-five  
more convicts in the Ohio peniten-  
tiary struck yesterday on the plea  
that they were being served with con-  
demned food, the total number on  
strike being 147, but all of them, af-  
ter a parley with the warden, prom-  
ised to return to work.

Warden Jones promptly ordered all  
the strikers "hung up" so that their  
arms, in shackles, are held above  
their heads, though, none of their  
bodily weight is sustained by the  
shackles. Many of the strikers were  
murderers at work in the bolt room.

One Hundred Hempo Burn.

El Paso, Tex., May 26.—One man  
was killed and several injured as the  
result of an explosion at the Do-  
lores mine in the state of Chihuahua,  
Mexico yesterday. The explosion start-  
ed a fire which destroyed 100 houses,  
rendering 500 persons homeless.

The News extends sympathy to the grief stricken son and relatives.

The motion to make the inquiry was filed by P. L. Eubank, another brother, yesterday. It is purely formal and recites no reasons. It asks merely that a trial be held and that Eubank be sent to some sanitarium.

## POSTOFFICE LOCATION UNDER CONSIDERATION

Assistant to the third assistant in the contract department of the post office department, Roffe, was in Ada yesterday with the purpose of letting a contract for the location of the post office at the expiration of the present contract, Sept. 2, 1910. No little interest is manifested in connection with this, for it is almost a sure thing that the post office will be moved to another point in the city other than it occupies at present, consequently there will be some sharp competition, and hard pulling between west and east Main to secure the coveted building.

Judge U. G. Winn takes his office as postmaster next Tuesday, May 1. He said in an interview this morning in substance that the new quarters for the office when it is moved will be equipped with modern conveniences. Every thing is to be perfectly sanitary. The building must be provided with an approved vault to keep government property, moneys, stamps, papers, etc. It is the Judge's opinion that Ada will be ready for free delivery within a year any way. Before Ada can secure the free delivery the names of the streets must be posted, the houses numbered and the proper crossings made on the streets, that is the side walks, paving and street crossings must warrant it. The present force of employees in the Post Office will be retained.

## NORMAL NEWS NOTES

### Baccalaureate Sermon to Be Delivered by Rev. Randolph Cook of Enid, Okla.

The Senior Class of the East Central State Normal had Miss Hettie Dunaway give a recital some time ago, but on account of the inclemency of the weather at the time Miss Dunaway was here, they were not successful from a financial standpoint. Owing to the small number in the class, a class play will not be played this year. Now the class has arranged with Mr. Thomas of the Pastime Moving Picture show to have charge of the theater next Wednesday night. Miss Gertrude Thompson, a member of the class will sing and there will be special music by the Normal Orchestra, besides other special musical numbers, both vocal and instrumental.

The Commencement exercises at the Normal will begin next Friday evening, June 3. Rev. ## A CLOSE CALL FOR SHERIFF SMITH YESTERDAY

### Fire That Started in Simpson Hotel Nearly Causes Serious Accident

Yesterday a few moments after five o'clock a fire originated in middle room on the south side of the Simpson Hotel and came very near being a serious affair. A Mrs. Howard who had just purchased the business and had just moved in, had a collection of household goods piled in the room mentioned. Some small children were playing on a bed and striking matches, and thus it is presumed the fire started. In response to the alarm the fire department made a splendid run and according to competent judges made as fine and quick a fire fight as could be. Geo. Culver, Chas. Brady, Sheriff Smith, and all the fire boys deserve special mention.

Mr. Smith got into the room where the fire originated and was working like a veteran when Mr. Walker not knowing of Mr. Smith's presence, rushed out of the room and closed the door to prevent fire spreading and hoping to smother the flames. The door having a spring lock fastened Mr. Smith securely in the room, and if it had not been for the presence of mind of A. Kilpatrick he would probably have lost his life right there. Mr. Kilpatrick had seen Mr. Smith go into the room and seeing the door fastened he threw his weight against the door several times and succeeded in breaking it down, and rescuing Mr. Smith who was nearly over come with heat and smoke.

The fire burned a few things in the house, and a good deal of the roof and scared a few people. Otherwise no great amount of damage was done.

## FINE BILLIARD EXHIBITION

### Malone Will Give Lovers of the Game An Interesting Time.

Lovers of pool and billiards will be given an opportunity tonight and perhaps Monday afternoon of watching an expert show what he can do with the cue and balls, when former world champion billiardist, J. L. Malone, gives exhibitions at B. J. Corn's parlors.

Mr. Malone arrived here this morning and expects to remain over a day or two. He has arranged to give an exhibit tonight and perhaps Monday afternoon. Tonight he will play a regular straight pool game against local champions, after which he will give an exhibition of fancy shots on the billiard table. Monday night he will play billiards. The billiard game will be something of a treat. Mr. Malone will play 14 inch balk against three local experts, allowing his competition to play unlimited against him. The balk line game is seldom seen in Ada, being more difficult than the ordinary unlimited game.

The exhibition will start about 7:30 o'clock and arrangements will be made that a large crowd will witness them.

Mr. Malone still retains the title of champion billiard player of Mexico, which he won in 1899. He speaks very complimentary of Mr. Corn on his management of the parlors, always clean sanitary and up to date in every way. He says the hall is suitable for a town of fifty thousand population, and better than some of that size.

## PROF. SEARS LEAVES FOR EUROPEAN TOUR

Yesterday afternoon Prof. Sears left via the northbound Frisco to Richmond, Va., the first stopping point in the long journey before him. He expects to make a visit to every state east of the Mississippi river excepting Florida before he crosses the Atlantic. The members of the Normal faculty each wrote him a note to be opened and read on successive days out at sea. These will no doubt make him forget a great deal of the monotony incident to a long sea voyage, for we believe some advice is sealed up in those missives that will cause him to forget even sea sickness and think very strongly of his fellow teachers left behind. Yesterday at the chapel period he gave the students of the normal a parting talk in which he explained the use of pass ports, and the protection the U. S. throws around her citizen in foreign lands. At this point he wound the stars and stripes about him and then there went up a mighty shout of enthusiasm for Old Glory.

Prof. Sears has promised to write us, at intervals accounts of his travels which the public, especially the normal students await with suspense.

Ben H. Mason, genial cashier of the M. & P. Bank, is confined to his home in Sunrise Ill.

Mrs. B. A. Mason's home was struck by lightning last evening, some damage resulting.

## PROF. M. L. PERKINS TO DELIVER BACCALAUREATE ADDRESS

It seems that the members of the E. C. N. faculty are in demand as baccalaureate preachers. Vice Pres. M. L. Perkins will have the honor of delivering the commencement address to Holdenville High school graduates next Tuesday night, May 31. Prof. Perkins says:

"Holdenville has five 'sweet girl graduates' this year and he will incidentally talk to them on the 'boy problem.' Prof. Perkins has chosen for his subject: 'The Coming Educational Transformation.' He sees the changes or transformations that should and will come in this great problem of education; and, while he expects to give something—well, say 'new' for convenience, he is able to defend his position. Holdenville is indeed fortunate in securing him.

### OLD MISSION BILLIARD PARLOR

WASHINGTON, INDIA'S ROUND-  
UP HORSES AND CATTLE  
Spokane, Wash., May 27.—Indians  
are rounding up their horses on the  
Spokane reservation, northwest of  
here, preparatory to the coming of  
the white settlers, who were success-  
ful in Uncle Sam's lottery for home-  
steads, last August. Among the horses  
corralled during the last few days  
are many with several brands un-  
known on the reserve; also a lot of  
mavericks, which will be branded  
and taken by the reimen unless the  
owners appear before the close of the  
roundup and claim their stock. It is  
believed the animals strayed from  
pastures in Ferry, Stevens and ad-  
joining counties on the border. The  
roundup is a month earlier than usual  
and the horses are not in the best  
of condition. However, the bidding  
by dealers from Spokane and other  
points is brisk and this competition  
will result in the Indians receiving  
good prices for their cayuse. Captain  
John McA. Webster, Indian agent on  
the reserve, says the Indians have  
plenty of money, \$350,000 being dis-  
bursed among them by the Indians'  
department during the last five days.

State Motto: Only the Golden Rule

Badge: A knot of White Ribbon.

"It breathes of hope to the hopeless,  
It tells of a purpose high.  
For God, for Home and County,  
To live, to do and to die;  
Its purity is a promise  
Of a day we long to see,  
When stanchless as its beauty,  
Our starry flag shall be.  
Then let it shine out, dear women,  
Morning and noon and night,  
Glad to show wherever you go,  
Your standing for and right."

When Miss Willard was on her  
death-bed, she realized as never be-  
fore, that we had not been as active  
as we should have been in letting the  
world know "what we were trying to  
do. She said to Miss Gordon, "Anna,  
ask the women to go out and tell the  
people what we are trying to do.  
They certainly will come in and help  
us."

I believe that prohibition has been  
decidedly beneficial in our state.  
While there are violations of law,  
numerous in some localities and less  
frequent in others, yet in the worst  
places, it is infinitely better than open  
saloons.

Perhaps no phase of the prohibition  
situation is so agitating the minds  
of the people in Oklahoma just now  
like that of enforcing the law and I  
believe that we have every reason to  
feel encouraged. The only argument  
the liquor traffic has is, "it can't be  
done—you can't enforce the law," the  
only answer necessary is persistent  
optimism, a faith that removes moun-  
tains. If the people can not enforce  
the laws they have enacted then the  
popular government is a failure. To  
say the prohibition law can not be  
enforced is anarchy and the utter-  
ance is altogether unworthy an Amer-  
ican citizen.

**Sentiment and Law.**  
A loose enforcement of any law, is  
always a calamity. It has in its last  
analysis the full grown professional  
anarchist. Any man who condones or  
is indifferent to the quickening of the  
public conscience as regards the en-  
forcement of law has in him the ele-  
ments of an anarchist. There is  
something far worse in a community  
than the pronounced violation of law  
or the fruits of such violation, and  
that is the sentiment that will tol-  
erate such conduct and laxness.  
What our citizens need to do is to  
foster civic righteousness and quick-  
ened consciences. A high state of  
community morals and ideals and a  
strict regard for law, comes only at  
the price of a constant setting forth  
of same. Enforced laws is an effect,  
a healthy conscience is the cause. It  
is our part to deal with the cause.

At her home on 17th St., Mrs. Rob-  
ert S. Tobin received her many  
friends Friday afternoon who were in-  
vited to meet her guest, Mrs. Burrell  
B. Bridges, of Chickasha.  
The house interior which is ideal  
for such reception, was made more  
beautiful by the elaborate decorations,  
Pink ramblers in luxuriance, portier-  
es of pink and white ribbon, caught  
with tiny bunches of roses, the soft  
light from beneath pink shades, made  
perfect the color effect in the first-  
floor rooms.

Mrs. Thornton received the guests  
at the door, directed them up stairs,  
Violet Moore receiving the cards at  
the landing. They were greeted at  
the door of blue room by Mrs. Mason  
received into the Japanese room by  
Mrs. McKinley. This seemed a verit-  
able Japanese department, with its  
fans, parasols and other Japanese  
articles and was lighted with Japa-  
nese lanterns. Tea was served by  
two Japanese-gowned misses, Olive  
Kice and Emma Thompson. The  
guests returned to the library, regis-  
tered with Mrs. Beck and were re-  
ceived by Mrs. Tobin and Mrs.  
Bridges. From the sitting room, where  
a contest was conducted by Mrs.  
Hope and Mrs. Ebey, they proceeded  
to the dining room, where met by Mrs.  
Lefevre and served by Mrs. Kice and  
Mrs. Beard. They were shown through  
the hall by Miss Corinne Kice, and on  
leaving, received favors from little  
May Ruth Bridges.

The society folk of Ada were pleas-  
ed to meet Mrs. Tobin's charming  
visitor and several entertainments for  
her are booked for next week.

**Mrs. Sledge Entertains.**

Mrs. Willis Sledge and Miss Sledge  
were "at home" this afternoon from  
4 to 6 when a host of friends had  
the pleasure of calling and meeting  
their visitors, Miss Voglesang, of  
Wellston, Ohio, and Miss Benson, of  
Madisonville, Ky.

The house was prettily decorated  
in soft flowers and lighted by candles,  
softened by pink shades. Pink and  
white flowers were used except in the  
music room, where the color  
scheme was red, beautiful red carna-  
tions and red roses were in promi-  
nence.

Mrs. Ebey greeted the callers and  
they were introduced by Mrs. Gal-  
braith to Mrs. Sledge, Miss Voglesang,  
Miss Sledge, Miss Benson and Miss  
Torbert. Mrs. Kice stood at the en-  
trance to the music room, where they  
were received by Mrs. Hope, Miss  
Case was pianist. Then they were  
directed by Mrs. Barney to the punch  
room, where the walls were almost  
covered with collage. Mrs. Sledge  
poured punch which was served by  
Mrs. Drummond, Misses Fannie L.  
Allen and Mattie Curre. Passing  
through the hall, they were received  
into the dining room by Mrs. Chau-  
ncey and served to refreshments by  
Mesdames Simpson, Thornton, Hall  
and McKinley. Mrs. Lefevre had  
charge of the register. Little Roberta  
Allen presented caps, bouquets, ac-  
tresses and Geraldine Hall received  
the cards.

Miss Alpha's friends gladly welcome  
her home, after absence of 4  
months in Belmont College, Nashville,  
Tenn.

She will entertain the young peo-  
ple tonight in honor of her visitors  
Mesdames Voglesang and Benson.

A number of entertainments are  
calendared for next week to be giv-  
ing in honor of Mrs. R. S. Tobin and  
Miss Sledge's visitors.

Tuesday morning Mrs. Sledge will  
entertain her house party.

Wednesday afternoon, Mrs. Ebey  
and Mrs. Galbraith will entertain  
Mrs. Tobin's and Mrs. Sledge's house  
parties.

Thursday Mrs. Manville will give a  
luncheon complimentary to Mrs.  
Sledge's guests.

## ANOTHER WONDER OF SCIENCE.

**Biology has Proved that Dandruff is  
Caused by a Germ.**

Science is doing wonders these days in  
medicine as well as in mechanics. Since  
Adam lived, the human race has been  
troubled with dandruff, for which no hair  
preparation has heretofore proved a suc-  
cessful cure until Newbro's Herpicide was  
put on the market. "It is a scientific pre-  
paration that kills the germ that makes  
dandruff or scurf by digging into the  
scalp to get at the root of the hair, where  
it saps the vitality, causing itching scalp,  
falling hair, and finally baldness. With-  
out dandruff hair must grow luxuriantly.  
It is the only destroyer of dandruff.

**DR. KING'S NEW DISCOVERY**  
Will Surely Stop That Cough.

**FRENCH SUBMARINE LOST**  
BEYOND A DOUBT

Calais, France, May 27.—Hope that  
any of the twenty-seven men impris-  
oned in the French submarine Plu-  
viose, which was sunk by the Pas de  
Calais off here yesterday, survive is  
all but abandoned. Reports made by  
divers who under great difficulty in-  
vestigated the wreck, are that the  
hull of the submarine was crushed  
in the collision.

A flotilla of torpedo boats and  
dredgers with a force of divers work-  
ed daily throughout the night to raise  
the ill-fated war craft from her bed  
100 feet below surface.

Strong currents interfered greatly  
with the operations and at noon to-  
day little had been accomplished.

Admiral Payron, minister of ma-  
rine, is on the scene, personally di-  
recting the work.

Later this afternoon the Pluviose  
was lifted from her mud bed by a  
swift under-current and swept from  
view of divers, who have not been  
able again to locate her.

## GOT IN WITH BOTH FEET

And Next Time Brown Will Think  
Before He Talks Too  
Much.

"I see your wife is a German," re-  
marked Brown casually.  
Robinson looked up in surprise.  
"Why," he said, "how did you guess  
that? She was born in this country,  
and has neither a trace of accent or  
German idiom."

Brown laughed a little confusedly.  
"I just guessed it," he answered. "It  
was well, maybe it was that I  
thought she had Teutonic features."

Robinson looked first at his wife  
and then at Brown. "That is curious,"  
he said. "She is more often taken for  
a person of French extraction. Her  
people are from the Rhine district,  
you know, and as she is dark and  
slight very few would think she was  
German. In the popular mind that  
type is fair and large."

"Oh," answered Brown, who had by  
this time recovered his assurance, "I  
am well acquainted with many types  
of German. That is probably how I  
came to make such an inconsiderate  
remark."

Mrs. Robinson laughed lightly. "I'm  
proud of my Germanic origin," she  
said. "But it has never happened be-  
fore that anyone guessed it so ac-  
curately as you did."

Then the conversation drifted to  
other matters. But Mrs. Brown re-  
membered, and on the way home she  
said to her husband: "How did you  
guess Mrs. Robinson is German?"

"Nearly got my foot in it, didn't I?"  
said her husband, throwing out his  
chest a little. "But it was clever de-  
tective work on my part. Did you see  
how she poured tea? No? Well, she  
lifted the pot high and poured it so  
that bubbles formed in the cup. She  
got that gesture from pouring beer, or  
seeing it poured, so as to get a bead.  
That made me think she was German.  
Of course she might have been some  
other nationality, but the Germans  
take most care in pouring their beer  
and do it most artistically, so—"

But his wife interrupted him. "How  
does it happen," she demanded, "that  
you know so much about the art of  
pouring beer?" And though she con-  
tinued to question him all the way  
home and for a considerable time  
after they arrived home, she did not  
get what she considered a satisfactory  
explanation.—N. Y. Press.

**No Cause for Contest.**  
Assemblyman John C. Hackett of  
New York recently told this story in  
a speech: "I was up in Rockland  
county last summer and there was  
a banquet given at a country hotel.  
All the farmers were there and all  
the village characters. I was asked  
to make a speech. 'Now,' said I, with  
the usual apologetic manner, 'it is not  
fair to you for the townmaster to ask  
me to speak. I am notorious as the  
worst public speaker in the state of  
New York. My reputation extends  
from one end of the state to the other.  
I have no rival whatever when it  
comes—' I was interrupted by a  
lanky, ill-clad individual, who had  
stuck too close to the beer pitcher.  
'Gentlemen,' said he, 'I take exception  
to what this here man says. He ain't  
the worst public speaker in the state.  
I am. You all know it, an' I want  
it made a matter of record that I took  
exception.' 'Well, my friend,' said I,  
'suppose we leave it to the guests.  
You sit down while I say my piece  
and then I'll sit down and let you  
give a demonstration.' The fellow  
agreed, and I went on. I hadn't gone  
far when he got up again. 'S all  
right,' said he, 'you win; needn't go  
no further.'"
